COMMISSIONER

Standard of Practice

No Trees Impacted Inspections

The following are procedures for NTI inspections:

- 1) Snr. Field Arborist or Arboricultural Manager selects NTI sites to be inspected
- 2) Site addresses are given to the administrative staff to be entered into KIVA as a AREQ application
- 3) Administrative staff assign inspection to Arborist
- 4) Arborist pull plans and conducts inspection to confirm that no trees are being impacted
- 5) Arborist document inspection results in KIVA
- 6) Arborist do follow-up inspection, correction notice, or citation as is applicable to site
